

Explain in your own words, that the services specialty pharmacies provide to you and your doctor are not available from commercial pharmaceutical manufacturers, nor most local pharmacies.

We value our relationship with you, and want to continue to provide service to men and women who need it, regardless of where they live, and without government intervention. Thank you for helping us stand up for your right to choose where and how you get the medication you need.

If you have any questions, please call me at 1-800-888-9358 ext. 128.

Sincerely,

Tom Bader, R.Ph.

Owner, College Pharmacy

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: I am tired of the FDA controlling

the American people under the name c1358

98N-1265 of justice. They act like big bullies

on the playground. They need to worry
more about the quality of food we are
eating, e.g. - radiation on veg. + dirty meat processing!
